## How Many Hands: Trio RACHMANINOV Waltz for six hands

### MUSICAL TEAMS

We are joined by not only one but two of Buddy's friends, Evan Mitchell and Natsuko Ejiri, in this "How Many Hands" episode! There are 3 pianists. How many hands are there? \_\_\_\_\_

#### DIFFERENT PARTS

First, Buddy shows you a video of Evan playing alone.

Where does Evan play on the keyboard (on the right, left, or in the middle)? Is the sound high or low?

\_\_\_\_\_

How about Natsuko's part? Which part of the keyboard does she play? Is the sound high or low?

\_\_\_\_\_

Where does Buddy play on the keyboard?

\_\_\_\_\_

None of the parts sound complete by themselves, but when they are played together, it makes a beautiful waltz!

#### MUSICAL TEAMS

When two or more musicians play together, it is called an **ensemble**. Performing a piece of music as an ensemble takes teamwork; ensembles of all sizes have to work together as a team to achieve their musical goal. Can you think of other situations in which people have to work together to achieve a goal? List some examples below!

1. \_\_\_\_\_
2. \_\_\_\_\_
